# Samuel Allen Gelacio

## Full Stack Developer

He is a graduate student of Polytechnic University of the Philippines. He has few job experiences like Appointment Setter for a BPO company for 11 months where he answers outbound and inbound calls for Foreign Insurance Companies. A Front-End Developer for Exceed Web Solutions for 9 months wherein, he implements designs given by the web designers. A past intern and currently a Junior Automation Developer at CGI where he is one of the developers responsible for developing and maintaining a website for the company. He has good communication skills and an average knowledge of programming. He is quite familiar with languages such as C, C++, C#, Java, CSS, HTML and JavaScript. Feel free to message him about anything.

## Experience

### July 2023 - Present

CGI | Taguig, National Capital Region, Philippines

#### Associate Consultant

His duties will primarily revolve around building software by writing code, as well as modifying software to fix errors, adapt it to new hardware, improve its performance, or upgrade interfaces. He will also be involved in directing system testing and validation procedures, and also working with customers or departments on technical issues including software system design and maintenance.

### August 2022 - June 2023 (11 months)

CGI | Taguig, National Capital Region, Philippines

#### Junior Consultant

His duties will primarily revolve around building software by writing code, as well as modifying software to fix errors, adapt it to new hardware, improve its performance, or upgrade interfaces. He will also be involved in directing system testing and validation procedures, and also working with customers or departments on technical issues including software system design and maintenance.

### April 2022 - July 2022 (4 months)

CGI | Taguig, National Capital Region, Philippines

#### Junior Automation Developer

He is a Junior Automation Developer Intern at CGI Philippines Taguig Office, he worked on 2 projects while in his internship months. His duties working as a junior developer revolved around building software by writing code, as well as modifying software to fix errors, adapt it to new hardware, or upgrade interfaces. He also helped on testing and making mockup designs for the website projects that he was assigned to.

### February 2021 - October 2021 (9 months)

Exceed Web Solutions | Santa Rosa City, Laguna

#### Web Developer

He worked as a part-time Frontend Developer in this company Exceed Web Solutions. He implements designs that were given by the designers so that the design will be viewable in website form. He likes to code stuffs and him working here helped him to handle more workloads and more knowledge about CSS, HTML and JavaScript. Working in this company showed him new knowledges and help him see how workloads are distributed to each employee.

## Experience

---

○ **March 2019 - January 2020 (11 months)**

Protel I Santa Rosa City, Laguna

### Appointment Setter

He worked as an Appointment Setter in Protel Company for almost 11 months as full time while studying at PUP Santa Rosa Campus to suffice his academic needs. His job is to do outbound calls then lead the hot contacts to the local agent of the Insurance company that was assigned to him. He also answers some inbound calls if they scheduled callbacks for that Insurance Company.
